

Lending Circles for Dreamers

If you're ready to apply for the Deferred Action for Childhood Arrival program but don't have the \$465 fee for the Department of Homeland Security, Mission Asset Fund, one of our SparkPoint partners, is offering a Social Loan Program to help cover the application cost. It's a no fee loan for \$310, with low monthly payments of either \$31 or \$62, which is then matched by \$155 that you don't have to repay. An additional benefit is that the loan helps you build your credit. For program details and eligibility requirements, see <http://www.missionassetfund.org/programs/lending-circles-for-dreamers>. If you're eligible for Deferred Action and wish to participate, you'll need to attend the Lending Circles for Dreamers event at the FRC on April 25th from 5-8pm. The program is limited to 20 individuals. For questions or to register for the event, call Mission Asset Fund at 888-274-4808.
