

Construction Update

Lake County
Division of Transportation
600 West Winchester Road
Libertyville, Illinois 60048

Project Location:

Project:

Cedar Lake Rd at Monaville Rd Roundabout

Limits:

This project is located in the Village of Lake Villa and varies from 500' to 1000' in each direction from the center of the project intersection.

Project Description:

Work includes reconstructing the existing intersection as a single lane roundabout. There will be new curb, sidewalk, storm sewer, watermain, street lighting, trees and driveways installed as part of this project.

Project Status: **Scheduled**

Project % complete: **0%**

Current Information:

The project has been let, a contractor selected, but a start date is yet to be determined. Advanced utility relocation may be underway prior to the road work.

In order to safely transition from a four-way stop to a roundabout intersection, closure of the intersection to through traffic is necessary. This closure is planned to occur during summer 2013 after school is out from June to August for 71 calendar days. Exact dates for the closure will be publicized a minimum of two weeks in advance of the road closure.

This will be the fourth roundabout built by LCDOT, others are Riverwoods Rd at Everett Rd, Hunt Club Rd at Wadsworth Rd, and Hunt Club Rd at Millburn Rd.

More information about roundabouts is available on our website:
