

UCLA Corporate, Foundation and Research Relations can assist with applications to foundation and corporate funding agencies.

NOTE: Many foundations require proposals to be submitted with faculty as principal investigators. While students may be eligible to work on or participate in such projects, in these cases the lead/principal investigator must be a faculty member. Please carefully review the foundation eligibility criteria before contacting your CFRR representative.

POINTS OF CONTACT:

Inquiries from the David E. Geffen School of Medicine:

Emily Rose

Director, UCLA Corporate, Foundation and Research Relations

erose@support.ucla.edu

(310) 983-3067
