### Our Chapter is as Strong as WE Make it!

I had the fortunate opportunity to travel to Hilton Head in May for the EWGA National Conference "Empower 13!" I spent time talking with other chapter leaders and of course playing some great golf. Key note speakers included Janine Driver the FBI/CIA body language profiler you may have seen on TV, Carla Davis a successful business women, Lisa Long-Ball who holds the long drive record of >300 yards, and several other presenters. I'll share one of the sessions with all of you at a social event that is being planned for this fall.

One of my key takeaways from the event, the conversations I had and my reflection on our chapter is that EWGA is all about **participation**. The more you participate, the more you get out of this great organization.

As you know our mission is to connect women to learn to play golf, learn more about golf and have fun. Our chapter provides educational opportunities, fun golf events, competitive golf events and some purely social events. All of these can be used to build your network of business women who also love the game of golf. Your Chicago Metro Board and our volunteers plan all these things based on YOUR input. We're always trying to revise our annual events based on your feedback. We want to be sure you get what you expect for your membership dues.

So my request as we embark on the busiest part of the golf season – **Participate!**

- **Recruit** new members – we are all membership ambassadors; invite your friends to have fun with you on the course!! Our annual goal is to maintain our membership at 343 members. Right now we are a little behind with renewals and recruiting. Please think about engaging your network of friends.
- **Sign up for events** – the more the merrier – it's really true! Think of the great time we all have at the Fall Finale one of our largest events of the year - we own the course! Sign up for golf, education and social events. The way to sustain all of our events is to have a good turn-out for each event.
- **Volunteer** to help out – a small role at an event is a huge help and if you want a volunteer position you can really own – consider leading a committee or running for a board position later this summer.

I'm glad I had the chance to **participate** in my 2<sup>nd</sup> EWGA National Conference. The conference provided a few new leadership ideas that I can use with our EWGA Chapter and at work. By the way, I would highly recommend a trip to Hilton Head – the golf courses are awesome!

See you on the course.....

Robin

### Spring Fling Re-Cap

28 women participated in Spring Fling at Springbrook Golf Course in Naperville. Jill Pollard won the Honest Jane competition. Actually, 3 other women also guessed their score, but Jill was the lucky name drawn. Bev Wesolowski sunk the longest putt on the 18th green and Mary Bowman won the Closest to the Pin on #7. But I have to admit, we were all winners. Great weather and a great golf course.

### Rumble with Milwaukee Re-Cap

This annual event took place on Memorial Weekend at Thunderhawk Golf Course. Chicago reclaimed the trophy from Milwaukee. Net scores from 16 players on each team were totaled. Chicago: 1096 Milwaukee: 1148

## Education Tip of the Month

Well summer is finally here and on June 30th the EWGA Chicago Metro Championships will be held at Bartlett Hills GC. This article may come in handy as you prepare to participate in the Championships or any other tournaments this summer.

## Golf Etiquette

Pace of Play Reminder:

We play golf to have Fun!

Part of the fun is keeping the pace moving - it is important to maintain a pace of play that keeps your group in position with the group ahead of you. You should always be able to see the group ahead of you – if they pull way – it probably means your group is behind. It is okay to play ready golf in our golf leagues, it is important to do this to keep the round moving. If you are riding in a cart, please take all necessary clubs with you to your shot. Cart riders and walkers, please think about your shot as you move toward it, so that when you arrive at you ball you have an idea of what you might want to do. Please enjoy the company of your fellow golfers AND make sure that your conversations are not slowing the pace of play. In the end, please have fun and keep it moving 😊
