...WE GIVE!

SUPPORT A NON-PROFIT YOU LOVE THROUGH YOUR REAL ESTATE TRANSACTION

OUR MISSION: The Real Estate Project was created as a way to give back to our local communities, inspire others, and educate people on the real needs of those around them. Our goal is to connect those buying or selling a home in DFW, to the needs of those in DFW.

WHAT WE DO: We are a full service real estate company with a heart to support and serve non-profit organizations. We donate 20% of our commission to non-profit organizations here in DFW that we've partnered with....and our clients get to choose which one receives the donation at no cost to them!

WHO WE ARE: "Real Estate With Purpose" We exist to give back! Our philanthropic business model is designed to go beyond the traditional bottom line approach to business and see how much good we can do through standard real estate transactions.

WHAT MAKES US DIFFERENT: We provide the same great services that any excellent real estate company can provide, but we go one step further and use our earned commissions to invest back into the surrounding communities in which you live, work, and play and always donate in the honor of those we help. Here at The Real Estate Project our clients are co-donors because without them we can't do what we love to do...give!

"We leverage real estate sales for charitable contributions"

" I recently purchased my first home! The Real Estate Project was such a blessing and God send in helping me through the home buying process! They didn't just point me in the right direction and ask the right questions, but guided me step-by-step and kept me extremely informed! They were willing to answer any question I had and believe me I had many! I'm very thankful that what is normally a stressful process was made nearly stress free! I'm confident that they can do the same for you!"

"JT Hardcastle brings a brand new approach to Real Estate. Not only is he trying to satisfy the wants/needs of his clients, but he is also finding ways to give to various charities and wonderful causes. JT has very high moral and ethical standards, which is a breath of fresh air to the industry. I highly recommend JT Hardcastle, and can safely say that I have yet to hear any type of negative feedback to his services. Rarely do you find someone with a 100% client satisfaction rating, but my guess would be JT has accomplished that perfect score."

"The big differentiator for me was the fact that they give 25% of their proceeds to non-profits here in DFW. To work with a company who is not just in it to make money, but also to benefit their clients AND benefit non-profits who are helping other people is a breath of fresh air. It's not a gimmick - they really care, and we saw that every step of the way. So if you are looking for a home and want an honest, hard working company who knows what they are doing, go with The Real Estate Project. You will not be disappointed."

"The Real Estate Project's approach to giving back is refreshing and transparent. As a partner and supported non-profit through The Real Estate Project, we are beyond thankful. We look forward to every future opportunity to work with The Real Estate Project and refer our staff, donors, friends, and family to them constantly. They represent integrity, honesty and diligence in everything they do. We cannot recommend The Real Estate Project highly enough!"
