

Men's Club February Breakfast Meeting RIP City Riders: Dedicated to Community

We are taught that ethical *mitzvot* as well as ritual *mitzvot* are important to the process of *tikkun olam*. Some Jews believe that performing *mitzvot* will create a model society among the Jewish people, which will in turn influence the rest of the world.

The Rip City Riders are a group of individuals brought together by a common interest, the love and freedom of riding motorcycles. The members strive to establish a positive image for motorcycle enthusiasts **and are not affiliated with any clubs or organizations**. Their mission is to benefit Marin and Sonoma counties through charitable events and donations and to support other organizations that help the less fortunate in our communities.

Please join us at the B'nai Israel Jewish Center on Sunday, February 19, 2012 for what promises to be an informative discussion with Rob Anello, founder and president of the RIP City Riders (www.ripcityriders.org). Breakfast begins at 9:15 AM. We will be serving up bagels with lox and cream cheese and all the fixings, along with coffee, tea, and juice. Oatmeal is also being added to the menu.

Some of the many charities and groups that receive donations from the RIP City Riders include:

American Cancer Society Relay for Life
The Marin Community Food Bank
Sonoma County AIDS Food Bank
Juvenile Diabetes Research Foundation
Project Open Hand
Boys and Girls Clubs of Marin & Southern Sonoma Counties
Mentor Me Petaluma

To make sure we order enough food for the meeting, the courtesy of an RSVP is requested by Wednesday, February 15. You can contact Glenn Lurie at either gmlurie@aol.com or (707) 778-6361.

The Men's Club is a service organization dedicated to providing friendship and camaraderie for the men of the Jewish community and supporting the Center.

We look forward to seeing you on the 19th!
