

RIDING 101 AT FLAG IS UP FARMS

First Steps to Riding with Confidence at the
Monty Roberts International Learning Center,
in Solvang, California

This three-day clinic is for anyone, 18 and up, who wants to reconnect with their desire to ride a horse – **absolutely NO riding experience is needed to take this class**, nor do you need to bring a horse of your own.

This horsemanship class is also suitable for folks who are returning to the saddle after a break in time and wish to learn how to apply Monty Roberts' principles of Join-Up from the saddle.

Learn to ride as your horse wants you to ride! The class will be split between theory sessions, practical sessions in the round pen, and most of all, time on your horse. Own horses are welcome and we can also provide horses (limited numbers).

Learn about the equipment you will be using, the mechanics of how your horse moves beneath you and a safe and fun approach to creating a bond with your horse that carries over from on the ground to being on their back.
