

# Growing Power-Chicago Urban Farm Market Club

Do you want to support an innovative urban agriculture, food justice, and youth development organization? Are you also looking for a great deal on local, delicious, healthy produce?

Accomplish both by joining Growing Power-Chicago's new Urban Farm Market Club!

Ride your bike or drive to one of several pick-up locations, choose your weekly veggies, and maybe stick around to volunteer on the farm.

It's kind of like a CSA (Community Supported Agriculture) program, but you aren't required to pay a large fee upfront, and it gives you more flexibility because you get to choose what produce you take home. You can also buy produce only on the weeks you want to.

Plus, we'll give you a free tote bag when you sign up!

## Why sign up?

Joining Growing Power-Chicago's Urban Farm Market Club helps us know that we have folks dedicated to supporting the farm. We'll have a better estimate of how much to grow at the beginning of the season, and we'll have extra capitol to invest in seeds and infrastructure. Here are some of the benefits to you, our valued customer:

- **You can both balance your budget AND know your food source is secure for the year, without the hefty upfront expense many CSAs charge!**
- **Veggies, herbs and flowers grown in healthy soil, with no nasty chemicals!**
- **Super fresh and local, supporting our urban agriculture food economy!**
- **Great recipes and ideas weekly!**
- **Discounted tickets to our Summer BBQ Party at Iron Street Urban Farm!**

## How it works:

To sign up, please fill out the attached application and pay the sign-up fee. You'll select your pick-up location for the year.

Each week during the summer, you will come to your pick-up location and you'll choose from a variety of produce to take home for a flat fee. A chalkboard will be set up with a list of produce and the amounts that you can take to fill your order. After you chose your veggies, you will pay the \$20 fee.
