NOTES TO THE FINAL 2013 LIST PRICE LIST

This is our Final 2013 List Price List. It replaces the Interim 2013 List Price List and includes the following additions and changes:

1. The addition of Gemini XT (replacement for Gemini), as well as the addition of PBI Max 7.0 and Newtex Z-Flex Silver P-202 (proximity) outer shells.
2. The addition of Stedair 3000 and Stedair 4000 moisture barriers. CROSSTECH 3-layer, 4A is not listed due to its extremely limited availability (2 composites).
3. The addition of Aralite SL2, Caldura NPi, Caldura SL2i, and Quantum 3D SL2i (replacements for XE-289, Caldura NP, Caldura SL2, and Quantum3D, respectively), as well as Glide Gold 2-Layer thermal liners. Glide with PBI G2 is not listed due to its extremely limited availability (1 composite).
4. Our collars will now be lined with two layers of breathable moisture barrier material (as opposed to one layer of breathable moisture barrier material and one layer of thermal liner material) for greater flexibility.
5. Our DRD flap has been reshaped with angled edges.
6. The change in the material used to construct the Gemtor #544 internal harness from nylon to Kevlar to conform with new NFPA requirements and the introduction of Radius-GPS pants, which are replacing the Traditional-GPS pants. The change from nylon to Kevlar will unfortunately result in a very significant price increase. The new Gemtor #544FR will continue to incorporate two floating D-rings on the A-frame of the harness for escape/bailout system attachments.
7. The upgrading of our QS-103, Traditional, and Responder patterning. The model numbers for these products will change, and all coat and pant closures will use 1.5" FR hook & loop tape except for the CVHD coat closure, which will continue to use 2" FR hook & loop tape, but which will now also include 3 snaps.
8. The addition of Advance Ultra (dark gold) and PBI Max 7.0 (gold) outer shells for Patriot.
9. The addition of grip tabs for pocket flaps (option code GRIP TABS) and 7" black Nomex thumb loop wristlets (option code TWNLOOP7BLK).
10. NFPA 1971-2013 includes a stored energy test which applies to the sleeves of the coat and will require that we provide additional reinforcement material under the upper trim band if applicable. In addition, external elbow reinforcements will only be available with padding, any lettering or logos to be placed on the sleeve will need to be ordered with a one-line patch (option code OLP4.5x4.5), any pockets to be placed on the sleeve must be ordered with moisture barrier pocket lining (option code MBRP), and breathable waterwells will now be constructed of CROSSTECH 3-Layer, 4A (option code WWC3L).
11. NFPA 1971-2013 requires that all garment labels identify the outer shell, moisture barrier and thermal liner by trade name. Generic names may not be used.

Current Outer Shell Mat'l. Description	Revised Outer Shell Mat'l. Description
Defender 750	Defender 750*
Advance	Advance
Advance Ultra	Advance Ultra
Gemini	Gemini XT
Millenia XT	Millenia XT
Style 1098	Style 1098

Caldura Silver SL2	Caldura SL2i
Quantum3D	Quantum 3D SL2i

* Defender 750 will be renamed Brigade 750 in late 2013 or early 2014.

The list price list has the fabrics and options for each style of coat and pant listed on a separate page. Please be sure to include trim and lettering options which are contained on Page 14 when pricing your structural garments. Proximity garments appear on Pages 15-16.

Please note that standard distributor discounts apply only to the list price items on Pages 4-16. Separate Net Price Lists are issued for Patriot, Responder, and gear bags as well as Cleaning & Repair Services.

Please remember that Responder is now supplied with Stedair 3000 moisture barrier material, Q-8 thermal liner material, and NFPA Basic Style Trim.

Please remember that the NFPA Style Trim pattern has been replaced by the NFPA Basic Style Trim pattern which consists of one stripe on the chest and back, one stripe on the lower sleeve and one stripe around the bottom of the coat. The upper back stripe on the NFPA Basic Style Trim is set in a lower position than the previous NFPA Style Trim pattern. Orders specifying NFPA Style Trim will be supplied with NFPA Basic Style Trim. If your customer requires two stripes of trim on the sleeves be sure to specify a New York City, Project Fires or Quaker Style Trim pattern.

Please remember that all suspender webbing is now black.

When Kevlar belts (KB, KBL) and belt loops for harnesses (BLHARNESS, BLHARNESS1.5) are ordered, we recommend the use of the zipper & FR hook & loop tape pant closure without the hook & dee (PZV1.5B-No HookDee or PZV1.5N-No HookDee).

The standard size for all pant bellows pockets is 9" high x 10" wide x 2" deep. Other pockets sizes are available but must be specified on your purchase order.

An external knee reinforcement is required on all pant styles. Be sure to specify your preferred external knee reinforcement on your purchase order. Orders placed without a specified external knee reinforcement will be supplied with a fabric knee reinforcement and the price of the knee reinforcement will be added.

Please remember that due to the addition of the DRD we are no longer offering arched lettering on the yoke section of the coat.

HOW TO ORDER GEAR

1. Select an Axis, Radius, QS-103, or Traditional Style Coat and/or Pant Style
2. Select an Outer Shell, Moisture Barrier and Thermal Liner
3. Select a Trim Brand, Size, Color and Style (Structural Protective Garments only)
4. Select and Specify Lettering Size, Color and Location (Structural Protective Garments only) and/or Options
5. Provide complete sizing information including chest, sleeve, desired coat length, waist, belly, hip (women only), inseam, height and weight.

The size charts below are intended to be used as a point of reference when measuring or when ordering stock (S, M, L) sizes

GENERAL INFORMATION

- Specifications:** Specifications are subject to change without notice.
- Prices:** All prices are F.O.B. Quakertown, PA, and are subject to change without notice.
- Orders:** The minimum allowable purchase order is \$27.00 net. Only one ship to location per purchase order is allowable. Telephone orders cannot be accepted. Please fax, mail, or e-mail the completed Coat and/or Pant Order/Quote Form included in this Price List with your purchase order to the attention of our Customer Service Department. All orders shall specify the end user to allow traceability to the end user in the event of a product recall. Changes to in process orders are subject to a \$40.00 net order change fee.
- Express Delivery:** Please contact our Customer Service Department for pricing and availability.
- Payment Terms:** Net 30 days from the date of the invoice, subject to our Credit Department approval. All invoices that remain unpaid for 30 days after the invoice date may be assessed finance charges of 1 1/2% per month or each portion thereof. Any invoice that remains unpaid for more than 45 days after the invoice date will result in a "credit hold situation", wherein no shipments will be made until the aging of all invoices is brought under 46 days. If an attorney or collection agent must be engaged in order to collect any unpaid invoice, the customer agrees to the payment of the reasonable fees and costs of such attorney or collection agent. The customer also consents to the jurisdiction of the Bucks County, PA Court of Common Pleas for any collection action brought by Quaker Safety. The customer agrees to grant Quaker Safety a security interest in product sold under an open account agreement until paid unless prohibited by law.
- Salesperson's Samples:** Please contact our Customer Service Department for pricing details.
- Trial/Wear Test Gear:** Please contact our Customer Service Department for pricing details.
- Bids or Quotations:** Please contact our Customer Service Department for price consideration.
- Returns:** All returns must be made within 30 days of the invoice date. A 25% restocking fee will apply and product must be in new condition. Returns will not be accepted without an RA number. No returns will be accepted after 30 days from the invoice date and the full amount will be due. Custom made products are expressly non-returnable.
- Product Warranty # 901201H:** **Quaker Safety stands behind its products.** We warrant for a maximum of five years from the date of manufacture that the products listed on your Quaker Safety invoice will be free from defects in materials and workmanship when used by appropriately trained personnel following acceptable fire fighting or emergency medical operations procedures. We warrant that the product will conform to the description furnished in our catalog and, only where specified in respect of particular goods, to National Fire Protection Association (NFPA) standards as in effect on the date of our acceptance of your order. Where a sample has been furnished by us or by you, and we have agreed to supply product according to such sample, Quaker Safety warrants that the whole of the product shall conform to such sample. THESE EXPRESS WARRANTIES ARE IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Quaker Safety's obligations under this warranty are limited to, at our option, (I) repair or replacement of the product without charge, or (II) granting a credit to be applied to the purchase of an equal or better protective garment from us, or (III) a refund of the original purchase price. These warranty obligations apply only to any product which is returned to Quaker Safety, with proof of purchase, and which is determined to Quaker Safety's satisfaction to be defective as covered by this warranty. QUAKER SAFETY DISCLAIMS ANY LIABILITY FOR ANY INJURY, LOSS OR DAMAGE, DIRECT, INDIRECT, OR CONSEQUENTIAL, ARISING OUT OF THE IMPROPER USE OR THE INABILITY TO USE THE PRODUCT DURING THE WARRANTY PERIOD. BEFORE EACH USE, USER SHALL DETERMINE THE SUITABILITY OF THE PRODUCT FOR HIS/HER INTENDED USE. Please refer to the warning labels contained in, and the FEMA Official User Information Guide supplied with, your protective garment for further instructions.
- This warranty policy does not cover measuring errors, outer shell material shading variations, degradation of hook & loop tape caused by cleaning solutions containing D-Limonene, damage to protective garments caused by improper storage practices, or damage to thermal liner material face cloth caused by contact with hook & loop tape when pant pocket flaps are not kept in the closed position.
- PURCHASER, BY THE USE OR RESALE OF THIS PRODUCT, SHALL BE DEEMED TO ACCEPT AND AGREE TO THESE WARRANTY PROVISIONS.
