Come to Indian Caverns on Tuesday, August 27 at 6pm for a photography tour. For amateur and professional photographers alike, the 1 hour tour of World Famous Indian Caverns just isn't enough time to frame and capture the beauty inside the cave. We are excited to be able to say that in this summer we are opening up the cave after hours each and every Tuesday for avid photographers to spend 1 1/2 hours inside the cave with their arsenal of equipment. Along with a professional photographer and cave expert, we are thrilled to give you the chance to experience and capture the cave as few others get to enjoy. The 90 minute hour tour includes a brief seminar on "do's and don'ts" of cave photography, tips for f-stop use and lighting techniques as well as access to parts of the cave not normally covered during a regular tour. Photographers work at their own pace, on the subjects that they choose and can leave the cave at any time for a break. Cost is \$20 per person. For more information contact Indian Caverns at (814) 632-7578.
