

## Milford's Connection to Little Miami State Park City of Milford

**Tuesday, November 15, 2011 – 5:00 PM to 7:00 PM**  
**Harry Hodges Conference Room at Milford City Hall**

The City of Milford is considering methods to improve connectivity between Milford's Historical District and the Little Miami State Park (LMSP) and between the LMSP and the City Parks. The City is also considering methods to encourage the use of this improved connectivity. Your input will be valuable to us, and we have developed the following questions with the goal of obtaining your thoughts and opinions:

**1. Circle three of the following that you think would encourage more users of the LMSP to visit Milford's Historic District:**

- a. Safer access across SR 126 to and from Milford's trail head
- b. Signage at Milford's trail head
- c. Retail amenities desirable to trail users closer to Milford's trail head such as sandwich shops and restrooms with user amenities.
- d. Amenities useful to trail users closer to Milford's trail head such as bicycle racks, benches, water fountains, shelters, picnic tables and camping.
- e. Display brochures at area athletic shops and athletic gear supply stores about Milford's location to the LMSP
- f. Milford's Historical District is too far from the LMSP
