Calkins Creamery is very happy to announce our first season of farm tours. The tours will last 3-4 hours and be limited to 40 people. The dates are June 25 and August 20.

Each walking tour will commence at 8 a.m. and cover Calkins Creamery, the Highland Farm milking barn and pastures, beehives, pigs and the caves at Calkins Creek Vineyard. We will conclude with a cheese pairing/sampling and brown bag lunch at the caves before returning back to the farm.

Please wear shoes suitable for the outdoors, as we will be walking through some pastures and up some hills. This tour is not recommended for small children or those with limited mobility. The total walking distance < 2 miles.

The tour costs \$40 and must be paid for up-front via our website:
<https://shop.calkinscreamery.com>.

This is a great opportunity for those looking to:

- a. Explore one of the oldest farms in the Pocono/Catskill region
- b. Learn more about grazing, milking, cheesemaking and affinage
- c. Enjoy the outdoors
- d. Witness the beautiful caves of Calkins Creek Vineyard

Please contact us at happycow@calkinscreamery.com or call 570-729-8103, with any questions.

Please note that although we will spend time inside the creamery, whether or not we will be making cheese at that time is dependent upon our production schedule.

Once reserved, no refunds will be granted
