Who are we?

The LA Transgender Film Festival was founded in 2009 to increase visibility for powerful films by trans and genderqueer filmmakers. Started in response to the lack of transgender people in the media, the festival showcases works by established and emerging trans and genderqueer filmmakers. We promote filmmakers to new audiences with encore "best of fest" screenings at colleges and organizations throughout the year. [www.tgfilmfest.com](http://www.tgfilmfest.com)
