## About Us

We started the Lip Reading Academy in 2007. Classes were taught for two hours a week for eight weeks. More than 100 students came through the classes.

We began getting calls from out of state requesting a three-day institute; the Hearing Loss Rehab Institute was born.

We at LET MY PEOPLE HEAR, Inc. have heard the cry of hard of hearing people. We have listened intently to the struggles you have to reconnect with your loved ones and friends. Each handicapped person has to deal with hearing loss from a different perspective and in a different environment. We have identified your concerns about hearing loss and will address them at the Hearing Loss Rehab Institute.

Our goal is to ease the suffering and pain you experience with hearing loss by giving you the tools to overcome some of the challenges you face daily. We are working along with audiologists to provide non-medical aural rehabilitation.

We are available to bring the institute to your church, school, or institution. **We are helping people who have lost hearing and want it restored now.**
