

HHN PROVIDER SPOTLIGHT

Gary Welch, DPT
<http://spectrumpt.com>

Gary Welch, DPT joined the *Healing Heroes Network* family of providers in March 2010. Dr. Welch is the owner and clinical coordinator for Spectrum Physical Therapy in Patchogue, NY where he offers HHN patients Physical Therapy.

"I wanted to join HHN to provide the best in physical therapy care for those who have made a huge sacrifice, our troops," said Welch. "I know that many of these soldiers are coming back after receiving combat injuries, and are left with significant musculoskeletal & neurological impairments. This can lead to functional deficits and disabilities. With the proper care, these men and women have a much better chance to recover from their injuries and lead a normal life."

We're searching for talented medical providers across the country!

We at HHN recognize that our wounded Heroes are suffering from a growing list of injuries, and chronic pain. Adding Dr. Welch to our family of providers will give HHN a fresh opportunity to tackle these various needs head-on.

Dr. Welch is the '08-'09 Physical Therapist of the Year for the Advance for Physical Therapists & Physical Therapy Assistance Magazine. He is also a military man, having served in the Marine Corps, the Army and the Coast Guard. Now, he's looking to give back to his brothers and sisters in arms.

"It's an honor to be able to help those who have sacrificed so much," said Welch. "I spent 10 years in the service myself, and feel that I can still serve by helping others. If you love this country, and you are a health care provider, dedicate some of your time for the troops who could use your help. You can make a difference in someone's life."

If you know a provider with a passion to help, don't keep us a secret! Have them contact us at:

Info@HealingHeroes.org

or

727-781-HERO (4376)

The more providers we have in our network, the more veterans we can help!
