

Pit tent Order form

Hammerking productions Inc. will facilitate delivery, set up, and removal of pit tents for registered drivers in the 2011 Griffin King of the Hammers by a 3rd party contractor. Tents will be delivered and set up leading up to the 6th of February 2011 in predetermined locations. (please see attached diagram.) Pit tents are pre order only. Pit tent locations will be available on a first come first served basis and have limited availability. When your registration form and payment is received your location will be reserved. If your requested spot has already been reserved we will move to your next choice . If all your choices have been reserved we will contact you regarding availability. For questions regarding availability please contact Jeff Knoll 951 453 4035.

Reserved Pit tent locations include approximately 80 feet of pit road frontage including the tent. Due to weather and unknown conditions on the means dry lake bed Hammerking may be forced to amend the pit row frontage to accommodate all teams . Larger teams should consider locations that will allow an appropriate amount of room to park behind the tent location. Please respect your neighbors parking, ingress, and egress when you set up your camp. Please do not park in the race course or access roads. In an effort to keep non race vehicles off the pit road we ask you help us by keeping access roads clear at all times. Team may share Pit tents but please consider your neighbors parking.
