Gathering Evidence During Observations, Using The Danielson Model, AAC #1080 – 2 Day Academy

This is a two-day training opportunity for administrators responsible for teacher evaluation that includes enhanced training on the Danielson Frameworks for Teaching (FFT), teacher observational training and recording of evidence, sorting the evidence statements into the proper Domains/Components, dealing with how to arrive at a summative rating, and coaching skills to reflect and advise the teacher in the post observation conference. In addition, this training will teach the evaluators how to collect evidence for Domains 1 and 4 of the FFT.

Cost: AAC #1080 – For districts that want to bring this training to their own district and include their own administrators the cost is \$1,500 per day or \$3,000 for two days. Smaller districts can offer a joint academy and the cost would be \$390 per participant.

Contact: Kim Herr @kherr@iasaedu.org or 217-753-2213 to schedule this academy.
