

COMPTIA INDUSTRY CERTIFICATION EXAM PREPARATION COURSES

COMPTIA 220-701 A+ ESSENTIALS CERTIFICATION EXAM PREPARATION CPT-503

Course & Test Package: \$310

This is an instructor led, online, web-based course that prepares students to take the first of the CompTIA A+ 220-701 Certification Examination which measures knowledge of basic computer hardware and operating systems, covering skills such as installation, building, upgrading, repairing, configuring, troubleshooting, optimizing, diagnosing and preventive maintenance, with additional elements of security and soft skills. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable "Exam Cram" materials. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the A+ 220-701 Essentials Certification Examination at any approved CompTIA Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

COMPTIA 220-702 A+ PRACTICAL APPLICATION CERTIFICATION EXAM PREP CPT-505

Course & Test Package: \$310

This is an instructor led, online, web-based course that prepares students to take the second of the CompTIA A+ 220-702 Certification Examinations. The 220-702 Practical Application exam measures the necessary competencies for an entry-level IT professional who has hands-on experience in the lab or in the field. Successful candidates will have the skills required to install, configure, upgrade, and maintain PC workstations, the Windows OS and SOHO networks. The successful candidate will utilize troubleshooting techniques and tools to effectively and efficiently resolve PC, OS, and network connectivity issues and implement security practices. Job titles in some organizations which are descriptive of the role of this individual may be: Enterprise technician, IT administrator, field service technician, PC or Support technician, etc. Ideally, the CompTIA A+ Practical Application candidate has already passed the CompTIA A+ Essentials examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable "Exam Cram" materials. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the A+ 220-702 Practical Application Certification Examination at any approved CompTIA Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

COMPTIA N10-004 NETWORK+ CERTIFICATION EXAM PREPARATION CPT-507

Course & Test Package: \$310

This is an instructor led, online, web-based course that prepares students to take the N10-004 CompTIA Network+ Certification Examination. Network+ validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to manage, maintain, troubleshoot, install, operate and configure basic network infrastructure. Although not a prerequisite, it is recommended that CompTIA Network+ candidates have at least nine months of experience in network support or administration or adequate academic training, along with a CompTIA A+ certification. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable "Exam Cram" materials. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Network+ N10-004 Certification Examination at any approved CompTIA Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

COMPTIA SY0-201 SECURITY+ CERTIFICATION EXAM PREPARATION

CPT-509

Course & Test Package: \$310

This is an instructor led, online, web-based course that prepares students to take the CompTIA SY0-201 Security+ Certification Examination. Security+ is an international, vendor-neutral certification that is taught at colleges, universities and commercial training centers around the world. Although not a prerequisite, it is recommended that CompTIA Security+ candidates have at least two years on-the-job networking experience, with an emphasis on security. The CompTIA Network+ certification is also recommended. Earning a CompTIA Security+ certification demonstrates proof of knowledge and expertise in security topics, such as communication security, infrastructure security, cryptography, access control, authentication, external attack and operational/organization security. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Security+ SY0-201 Certification Examination at any approved CompTIA Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

CISCO 640-721 WIRELESS CERTIFICATION EXAM PREPARATION

CPT-511

\$219

This is an instructor led, online, web-based course that prepares students to take the Cisco 604-721 Wireless Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. Cisco Certified Network Associate Wireless (CCNA® Wireless) validates associate-level knowledge and skills to configure, implement and support wireless LANs, specifically those networks using Cisco equipment. With a CCNA Wireless certification, network professionals can support a basic wireless network on a Cisco WLAN in a SMB to enterprise network. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Wireless 640-721 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. Prerequisite: Valid CCNA or any CCIE Certification can act as a pre-requisite for this course.

PW0-104 CERTIFIED WIRELESS NETWORK ADMINISTRATOR (CWNA)

CPT-513

\$219

This is an instructor led, online, web-based course that prepares students to take the PW0-104 Wireless Network Administrator (CWNA) Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. The CWNA exam measures the candidate's ability to understand the fundamentals of RF behavior and to describe the features and functions of WLAN components. Also tested are the skills needed to install, configure, and troubleshoot WLAN hardware peripherals and protocols. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the CWNA PW0-104 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

CISCO CCNA 640-802 CERTIFICATION EXAM PREPARATION

CPT-515

\$399

This is an instructor led, online, web-based course that prepares students to take the most current Cisco Systems 640-802 CCNA® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. 640-802 tests a candidate's knowledge and skills required to successfully install, operate, and troubleshoot a small to medium size enterprise branch network. CramMaster covers topics on VLSM and IPv6 addressing; extending switched networks with VLANs; configuring, verifying and troubleshooting VLANs; the VTP, RSTP, OSPF and EIGRP protocols; determining IP routes; managing IP traffic with access lists; NAT and DHCP; establishing point-to-point connections; and establishing Frame Relay connections. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the CCNA 640-802 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

CISCO CCNA 640-816 CERTIFICATION EXAM PREPARATION

CPT-517

\$219

This is an instructor led, online, web-based course that prepares students to take the most current Cisco Systems 640-816 CCNA® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. 640-816 tests a candidate's knowledge and skills required to successfully install, operate, and troubleshoot a small to medium size enterprise branch network. CramMaster covers topics on VLSM and IPv6 addressing; extending switched networks with VLANs; configuring, verifying and troubleshooting VLANs; the VTP, RSTP, OSPF and EIGRP protocols; determining IP routes; managing IP traffic with access lists; NAT and DHCP; establishing point-to-point connections; and establishing Frame Relay connections. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the CCNA 640-816 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

CISCO CCNA 640-822 CERTIFICATION EXAM PREPARATION

CPT-519

\$219

This is an instructor led, online, web-based course that prepares students to take the most current Cisco Systems 640-822 CCNA® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. 640-822 tests a candidate's knowledge and skills required to successfully install, operate, and troubleshoot a small branch office network. The exam includes topics on networking fundamentals; connecting to a WAN; basic security and wireless concepts; routing and switching fundamentals; the TCP/IP and OSI models; IP addressing; WAN technologies; operating and configuring IOS devices; configuring RIPv2, static and default routing; implementing NAT and DHCP; and configuring simple networks. Upon completion of this course students will be prepared to take the CCNA 640-822 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

ORACLE 1Z0-007 SQL CERTIFICATION EXAM PREPARATION

CPT-529

\$219

This is an instructor led, online, web-based course that prepares students to take the 1Z0-007 ORACLE SQL Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the ORACLE 1Z0-007 SQL Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

MICROSOFT WORD 2007 77-601 CERTIFICATION EXAM PREPARATION

CPT-521

\$199

This is an instructor led, online, web-based course that prepares students to take the most current Microsoft WORD® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. A Microsoft Office Specialist (MOS) certification helps validate proficiency in using Microsoft Office WORD and meets the demand for the most up-to-date skills on the latest Microsoft technologies. Candidates who pass a certification exam show that they can meet globally recognized performance standards. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Microsoft Office WORD 77-601 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

MICROSOFT EXCEL 2007 77-602 CERTIFICATION EXAM PREPARATION

CPT-523

\$199

This is an instructor led, online, web-based course that prepares students to take the most current Microsoft EXCEL® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. A Microsoft Office Specialist (MOS) certification helps validate proficiency in using Microsoft Office EXCEL and meets the demand for the most up-to-date skills on the latest Microsoft technologies. Candidates who pass a certification exam show that they can meet globally recognized performance standards. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Microsoft Office EXCEL Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

MICROSOFT OUTLOOK 77-604 CERTIFICATION EXAM PREPARATION

CPT-525

\$199

This is an instructor led, online, web-based course that prepares students to take the most current Microsoft OUTLOOK® Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. A Microsoft Office Specialist (MOS) certification helps validate proficiency in using Microsoft Office OUTLOOK and meets the demand for the most up-to-date skills on the latest Microsoft technologies. Candidates who pass a certification exam show that they can meet globally recognized performance standards. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Microsoft Office 77-604 OUTLOOK Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.

MICROSOFT MSP 70-290 CERTIFICATION EXAM PREPARATION

CPT-527

\$219

This is an instructor led, online, web-based course that prepares students to take the Microsoft MCP 70-290 Server 2003 Certification Examination. The course includes access to the Exam Force web-site for drill & practice examinations and other online and printable “Exam Cram” materials. The Microsoft Certified Systems Administrator (MCSA) on Windows Server 2003 credential is intended for IT professionals who work in the typically complex computing environment of medium to large companies. Upon enrollment the course instructor will work with students individually to establish their scheduled progression through the course. Upon completion of this course students will be prepared to take the Microsoft MCP 70-290 Certification Examination at any approved Testing Center. For additional information contact ICTCertificationbhcc@gmail.com and visit www.examforce.com. There is no prerequisite for this course.
