

RIDER TRAVEL FUND AUCTION

FUND RAISER

Knowing that the high cost of travel these days can definitely create a hardship for some of the many riders coming from the East and the Mid-West to compete in California, Circle Bell Motorsports has teamed up with former National # 12 and fellow promoter Eddie Mulder to lend a helping hand.

With the help of you, the fans, we have been successful in raising over \$3,000 to give back to the riders. Now, we have expanded our efforts to help defer the rider's travel costs to all three West Coast Nationals. Eddie and Jodie Mulder have gone to great lengths to solicit and collect numerous memorabilia items from many of the Legends of the sport.

Within the next 10 days these items will listed on a website where fans can bid on each item and/or make donations. Featuring a variety of rare, signed racing memorabilia, including number plates signed by Joe Leonard, Kenny Roberts, Jim Rice, Scott Brelsford, Scotty Parker, Jay Springsteen and an unsigned plate belonging to the late famed West Coast racer Ricky Graham, this auction will also offer signed photographs and posters and more.

Links to the auction website will be found on Eddie's website www.eddiemulderswcvdts.com or the Calistoga, Sacramento and Flat Track Finals websites <http://www.calistogaflattrack.com/> when the auction website goes live. All the items will be on display at both the AMA Pro Calistoga Half-Mile, October 1 at the Napa County Fairgrounds and the AMA Pro Racing Flat Tracks Finals at the Fairplex in Pomona, October 15.

Take part in the auction/donation and let our Grand National Flat Track racers know how much we appreciate the show they put on and their efforts to make the trip to the West Coast.

All proceeds to be donated to the riders.

Thank You!
