

**Virginia's Region 2000 Local Government Council  
RIDE Solutions Survey**

Please share your input on the value of expanding the RIDE Solutions Program, a free of charge commuter matching service, within the greater Lynchburg area for your employees, your business, and the greater Region 2000 area quality of life.

To expand the RIDE Solutions program to the Lynchburg region Virginia's Region 2000 Local Government Council (LGC) would partner with the Roanoke-Valley Regional Commission and the New River Valley Planning District Commission in submitting an application for services to the Virginia Department of Rail and Public Transit (VDRPT). If successful the cost would be funded through a combination of 80% from VDRPT and 20% from the LGC and its member jurisdictions.

1. Do you believe that some of your employees would participate in a carpool commuting program or a program that assisted in outlining alternative transportation options (transit, walking, bicycling) to access work if this free service was offered in the greater Lynchburg region (Amherst, Appomattox, Bedford, Campbell counties and the Cities of Lynchburg and Bedford)?

- YES
- NO

2. Do you believe that expanding the free of charge RIDE Solutions program to offer commuter matching services and alternative transportation assistance programs within the Region 2000 area can provide benefit to your business or our employees?

- YES
- NO

3. Do you believe offering commuter matching services and expanding alternative transportation resources and facilities within the greater Region 2000 area will benefit the economic vitality of our area?

- YES
- NO

4. Do you support the LGC efforts to expand the RIDE Solutions program to our region?

- YES
- NO
