

# Chaparral

Two Chaparral models specifically engineered to take what you want, whenever you want.

The economically minded LITE is perfect for a half-ton truck, while the Mid Profile is just plain ready for anything.

**Engineering quality!** — A big change to the Chaparral is the new aerodynamic fiberglass front cap and hitch placement. Coachmen TurnTec Engineering combines an aggressive frame and cap design to achieve the industry's best turning radius, so you can handle sharp campground turns and other tight spots.

Our lamination process not only extends from the floor to the sidewalls, but also to the exterior underbelly, insulating it from extreme temperatures and sealing out dirt and pests.

#### WALL CONSTRUCTION (R11)

- 1 Gel-coated fiberglass exterior
- 2 1/8" lauan wood backer
- 3 Hi-density block foam insulation
- 4 Radius window corner blocks
- 5 2" welded aluminum sidewall studs
- 6 Fiberglass batten insulation
- 7 High-gloss front fiberglass cap
- 8 Metal backing strips

#### ROOF CONSTRUCTION (R13)

- 9 One-piece EPDM rubber roof with 12-year warranty
- 10 3/8" fully walkable roof decking
- 11 Fiberglass batten insulation
- 12 5" roof trusses
- 13 1/8" ceiling decking with vinyl protection

#### FLOOR CONSTRUCTION (R14)

- 14 Residential grade carpet with stain protection
- 15 Residential grade carpet padding
- 16 Residential grade linoleum
- 17 1/8" lauan wood backer
- 18 2nd 1/8" lauan wood backer
- 19 Hi-density block foam insulation
- 20 2" welded aluminum floor joists
- 21 1/8" lauan wood backer
- 22 Darco floor bond (main floor)
- 23 Polypropylene fully enclosed sub-floor

#### TIRES AND CHASSIS

- 24 10" or 8" steel "powder coated" I-beam frame

### Mid Profile

The Chaparral Mid Profile is engineered to provide outstanding and easy-to-use accommodations wherever you go.

#### Dry Camp Package

Sometimes you may want to go off the beaten path. The Chaparral Dry Camp Package makes it easier to go wherever you want, stop wherever you want, without hook-ups: the ultimate freedom!

The package includes both lighting and stereo powered by your 12-volt battery, plus built-in space that can be used for a generator for additional comforts of home.

Your all new outside kitchen will be the envy of the neighbors. You'll never have to be cooped-up inside again.

The Magic Night Sleep System instantly deploys an air mattress with just the push of a button.

A universal docking station conveniently houses, in one location, items such as city water hookup, fresh water fill, electrical and satellite hookups.

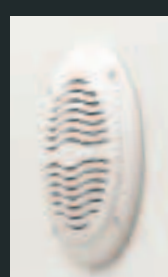

A new hitch cover adds aerodynamic style, incorporating a built-in LED light, helping you connect when light is hard to come by.

12 volt battery disconnect quickly and conveniently provides a quick shut-down. No fumbling with battery cables for storage of your Chaparral while extending the battery's lifespan.

Marine grade exterior speakers are located beneath the awning and controlled by the A/B stereo switch.

Pack Max Storage — Larger, insulated pass-through storage doors make more room for coolers and camping equipment.

Put aluminum wheels with the Chaparral Lite's fresh new colors and you've got a fifth wheel that says something special.

The 310RLTS allows you to instantly change your view from what's outside your window to what's on your favorite channel with a retractable LCD television.
