

# Start the Day in a *healthy way...* with Breakfast in the Classroom!

**Get an inside look at the latest strategies in school breakfast service that promote student achievement!** Students who eat school breakfast are fueled with good nutrition to focus on academics, score higher test scores, and positively interact with their peers.

**Please join us for this informative event!**

- Tour a breakfast in the classroom program
- Interact with a panel of school professionals
- Learn about different strategies to increase your school breakfast participation and reimbursement dollars

**Event is free and breakfast will be served.**

Please bring along a key stakeholder such as a superintendent, business official, principal, school nutrition director, nurse, or parent coordinator.
