## Dave Dravecky

Former MLB All-Star, Author & Cancer Survivor

My story is one of finding hope, courage and perseverance in the midst of dark and overwhelming uncertainty. In 1988, I was at the top of my game in my life. My opening day victory over the Dodgers was overshadowed later that fall by the discovery of cancer and the removal of half of the deltoid muscle in my pitching arm. I came back a year later to defy the odds. Despite being told by my doctors, "Short of a miracle, you'll never pitch again," I pitched a 4-3 win for the San Francisco Giants.

Sadly, my comeback was short-lived. Five days later, I threw "... the pitch that could be heard around the world." My arm had split in two...
