

Ask the Elf

Q: What is Legislative Day and how does my daughter participate in Legislative Day?

A: At Legislative Day, girls will attend Senate and House of Representative sessions, learn about the legislative process, have lunch with legislators, and tour the State Capital. There will be a registration process after January when a date is selected. At least two girls in grades 6 or above will be selected from each region. We will also be looking for adult drivers and chaperones to attend with the girls. There will be a small fee associated with the day. [More Information](#)
