

I am so excited..... I have done something I have always wanted to do. I just started a new business. You are one of the first people I wanted to tell about my wonderful opportunity.

I am selling **Scentsy**. Scentsy is the "Hottest New Thing in Candles". Scentsy warmers are flameless, wickless candles that warm on a 10-25 watt light bulb. No Flame, No smoke and No soot. I will be doing home parties and basket parties (Catalog party w/ scents) that you can take to work, school, and church or anywhere you are going. You can host either a home or a basket party share Scentsy w/ your friends, co-workers, and family for FREE and 1/2 price Scentsy. I can also do fund-raisers for any group or team.

I will soon be having a "launch party" for my new business and I wanted to especially invite you to attend. I will let you know the details. In the meantime, please feel free to visit my website to see all the beautiful products. You can always order directly from the site, even if you cannot attend the launch party.

I am soooo excited about this opportunity in my life. I want to share with you a little about our products.

**A Simple System**  
Unique Scentsy warmers use a low-watt bulb to melt specially formulated wax slowly, maximizing its fragrance time. With no flame, soot, or wick, the Scentsy wickless candle system is a safe way to enjoy more than 80 Scentsy fragrances.

**Full-Size Scentsy Warmers**  
Make a statement in any room. Express your individuality or match your room decor. Approximately 4.5" wide and 6" tall; uses a 25-watt bulb.

**Mid-Size Scentsy Warmers**  
Modestly sized and perfect for offices and compact spaces. Approximately 4" wide and 5" tall; uses a 20-watt bulb.

**Plug-In Scentsy Warmers\***  
A style that fits anywhere. Great for rooms with limited counter space. Approximately 3" wide and 3.5" tall (without the plug); uses a 15-watt bulb.

We have over 40 styles of decorative ceramic warmers to match any decor (even college themes) and over 80 fragrances to choose from. We have three different sizes of warmers to fit a variety of spaces and counter tops. All 80 scents also come in room sprays and Scent Circle car fresheners.

Just introduced in March 2012 we are excited to introduce our line of personal care products, called Layers.

These are hand lotion & cream, body butter, Shower gel & cream, Body Sprays, stick perfumes, and Washer Whiffs (scented crystals) and Dryer Disks (scented anti-static disk). Now you can layer the scent of your life layer by layer, from your skin to your clothes. Your lotion does not conflict with your perfume, etc. Use the same scent or mix and match.

We now have "scent buddies", cuddly stuffed animals with a scent "pak" inside. (The scent pak is designed to be non-poisonous if accidentally ingested) They are on-line interactive, like webkins, so kids can go online and "raise" their animal. We also have scented hand sanitizers and scent sachets, perfect for drawers, closets, and cars.

**NEW Fragrance Foam™ (FF)**

Scentsy is a safe secure company to do business with, doing over \$500 million in sales this year, and receiving special awards from the Direct Selling Association for their business growth and high ethical practices. I am excited to be in on the ground floor with such a prestigious company.

Scentsy is revolutionizing our industry. We have a very unique business model. We have multiple brands and products under one company. You can host a party for any of our brands. We have a new product, Velata (meaning covered) which is Belgian chocolate fondue. We use patented technology of a light bulb to warm the chocolate so it cannot burn. No mess, dishwasher clean up, no fire hazard of burning, stinky steno. It is not your mother's 1970's fondue; it is enhanced with modern technology. Great for watching movies, entertaining guest, or just enjoying the finest chocolate in the world.

I will let you know the details of when and where for my party. I really want you to come have fun with me. It will be exiting, entertaining, and rewarding.
