DECEMBER 2013 STILL AVAILABLE!

YES!! Thanksgiving through New Year, one of the most popular vacation periods in the Caribbean, is filling up fast.

Of the four largest Caribbean islands, Puerto Rico is the only one under US jurisdiction. Nevertheless, Puerto Rico is more Caribbean, Spanish, Latino, tropical and colorful than anything Stateside. For US citizens, no passport is required. The island's Spanish heritage rings especially loud and VERY clear.

PERSON OF THE MONTH

One of our owners donated a one-week stay at his beautiful Villa to the Asperger's Association of New England – as a silent auction item. We want to thank our generous owner, Ramon Almonte, for helping such a wonderful cause. Remember, you can purchase a gift certificate to give to friends or family, OR you can purchase one for your favorite charity.
