John Knox Retirement Bulletin

Cheers to John!

After an illustrious career, which began when he graduated from the University of Toronto in 1968, John Knox has retired.

John joined Chamberlain in 1987 and became an integral part of our organization. A member of Mensa, John brought an intriguing mix of skills and character traits, including intelligence, honour, integrity and discipline which he learned as a competitive tennis player in his youth. A multi-generation Canadian, John has spent countless hours exploring the smaller rural communities across Ontario, often missing his turn but always finding his way back sooner or later via the scenic route. These adventures contributed to John's rich collection of anecdotes. He has a funny story on just about any topic under the sun.

John has been many things to many people at Chamberlain: friend, mentor, colleague, and teacher. He loved the practice of architecture and is extremely knowledgeable about his chosen field. Always generous with his time, John shared his experience with anyone who asked.

John plans to spend more time with his family, at the cottage, and travelling the world. ***We will miss him and his stories.***
