

# GIVING THANKS!

The Oregon Dental Association's second Mission of Mercy provided more than \$ 1,238,069 in free dental care to 2,023 people on November 21 and 22, 2011, at the Oregon Convention Center. A special thanks to our 1,850+ volunteers, including dentists, hygienists, students and community volunteers that helped deliver 9,796 dental procedures to very appreciative Oregonians in need of oral health care.

The event spanned four days from set-up to clean-up and was made possible with more than \$215,470 in monetary and in-kind donations. A very special thanks to:
