

PROARGI-9 +

GRAPE

SYNERGY

ProArgi-9 Plus is Synergy's top-selling product and the cornerstone of any nutritional regimen.

Each serving contains 5,000 mg (5 grams) of elemental pharmaceutical grade L-arginine. Often referred to as the "miracle molecule," L-arginine has potent health-enhancing properties.

The remarkable properties of L-arginine were validated by the 1998 Nobel Prize in Medicine, and since then have created a frenzy of interest in the pharmaceutical and nutraceutical fields. The efficacy of L-arginine as a therapeutic agent has been validated by thousands of scientific clinical studies.

ProArgi-9 Plus was formulated in collaboration with leading L-arginine researchers such as J. Joseph Prendergast and other cardiovascular specialists who have conducted pioneering research in the proper application of L-arginine in promoting cardiovascular health. These experts have helped create the best L-arginine product on the market.

L-arginine is best known for its cardiovascular benefits. In the body, L-arginine is converted to nitric oxide, which relaxes the blood vessels. This reduces stress on the heart and improves circulation.

L-arginine is the body's major source for nitric oxide synthesis. Without nitric oxide, human life would not be possible. L-arginine also reduces blood viscosity. Scientific studies have shown that L-arginine aids in reducing blood pressure levels.

L-arginine also enhances health in a number of other ways. It helps improve immune function, and stimulate the release of human growth hormone (HGH). It may also boost energy levels, help to build muscle, and reduce adipose tissue body fat.

ProArgi-9 Plus is a unique product with great taste, far-reaching health benefits, and powerful support for the cardiovascular system. With ProArgi-9 Plus, you're giving your body the support necessary for a long, healthy life.*

ITEM NO. SU74880 | Net Wt 10.8oz (305.5g)

Benefits

- Supports cardiovascular health*
- Enhances blood flow to vital organs*
- Combats the negative effects of premature cardiovascular aging*
- Anti-aging benefits*
- May aid in decreasing body fat*
- Maintains healthy blood sugar levels already in the normal range*
- Delicious Grape flavor provided by all natural, low glycemic sweetening system*
- May boost energy levels*

Instructions

Mix 1 serving (1 scoop providing 5 g elemental L-arginine) with 4-8 oz. water (depending on individual taste). Stir to dissolve. If water is very cold, mixture will take about one minute to dissolve. One serving (1 scoop) may be taken twice per day.
